

Animal Policy

We're excited to share that many homes are pet-friendly and can accommodate up to 2 animals! If you're looking to make one of our properties your home and want to bring your furry friends along, we will have you provide us with a photo of your pet and their updated vaccination records. These can be submitted during the application process. We can't wait to welcome you and your animals to your new home!

Mackie Properties acknowledges the acceptance of assistance animals in accordance with state and federal regulations. To register an assistance animal, we will have you provide us with a photo of your pet and their updated vaccination records. For all Emotional Support Animals (ESA), proper documentation is required.
